WE’RE ON A MISSION, TOGETHER.
We are passionate, independent spirits who believe that working together makes wonderful things happen.

It’s how we create excellent work and solve problems for our clients. It’s how our sector specialists and service experts combine to deliver campaigns with impact.

But it’s not only about the incredible work we deliver. At Four we strive for much more than that. We create rewarding careers for our team, promote equality and diversity and deliver a meaningful contribution to our community and the planet.

That’s why we’re proud to have become one of the first 1,000 companies in the UK to be awarded with B Corp accreditation.

#1000xUKBCorps
#1000xBetter

Four is an independent media, communications and marketing agency with offices in London, Cardiff, Aberystwyth, Sheffield, Abu Dhabi, Dubai and Riyadh.

Together we make a difference.
WE ARE A
B CORP!

Over the past 20 years, Four has delivered campaigns with positive social impact.

Being a force for good is our lifeblood.

So, we’re proud to say that we’re now a B Corporation – having passed the rigorous certification that measures how we support, protect and nurture our staff and the work we do for clients, partners, stakeholders and community.

As a B Corp we are a business balancing purpose and profit, considering impacts on workers, customers, suppliers, community and environment.

As we join a global movement of people, we are proud to be a company that is helping to make positive change happen.
**AT A GLANCE . . .**

Our recruitment programme includes blind CV reviews and a version of the Rooney Rule.

We have four staff groups, Four Race Equality, Four Gender Equality, Four LGBT+ and Four Earth along with staff elected reps.

Our volunteering programmes and local community partnerships work with charities, cultural hubs, local schools and colleges.

We recently signed up as a Disability Confident employer – Level 1.

Our training programme includes neuro diversity training and unconscious bias training.

We've already achieved zero to landfill.

We offer robust health and wellbeing support for all staff alongside Mental Health First Aid England and a variety of provisions to help with physical and mental health.

We are committed to positively influencing suppliers, customers and communities to tackle inequality and injustice.

We carry out an annual self-identification survey across gender, sexuality, race, disability and socio economic factors.

Our flexible working policy was informed by staff consultation.

We're fighting climate change with an annual review of activities and operations.

We have raised awareness of LGBT+ issues internally with a gender identity campaign with the optional use of pronouns added to staff emails and profiles.

Our plastics audit, action and local supplier policy are well underway.

Our COVID-19 recovery scheme involved working with the government's Kickstart scheme. We welcomed 26 local young people from London for six month internships, eight staff are now employed at Four.

Our 2020 Four Race Equality Pledge helped us set ethnic diversity targets and new recruitment practices.

**OUR RACE EQUALITY PLEDGE**

Our Race Equality Pledge is a key policy and commitment.

We were the first agency to set public targets for ethnically diverse staff.

The pledge outlines key commitments for recruitment, including blind CV reviews and a version of the Rooney Rule - one ethnic minority candidate to be interviewed if possible.

The Race Equality Pledge UK target by 2023 is 25% and 30% in London and includes commitments for recruitment, training and creative output.
Since 2018 our Race Equality staff group has been creating campaigns that showcase ethnic diversity and tackle equality and diversity issues.

They have created a Ramadan campaign with award winning poet Rakaya, launching our charity association with Whitechapel Mission, created a Windrush commemorative live installation and have worked with a number of black owned businesses.
Our LGBT+ staff group creates activities and collaborations to honour and highlight gay, lesbian and trans communities and issues.

They have held training courses and discussion groups to help educate everyone about mental health issues and inclusivity within the LGBT+ community as well as film evenings, social media campaigns and showcases.
Since July 2019, Four Earth has been working to reduce our environmental impact as an organisation to help individuals to reduce their own footprint.

They work hand in hand with our operations team on specific initiatives such as a plastic audit and action plan, which has already been implemented. The group has also created task forces for litter and community garden drives.
FOUR GENDER EQUALITY

Founded in 2018 on the 100th anniversary of women getting the vote, Four Gender Equality’s mission is to create an inclusive workplace, in which men and women have equal opportunity to contribute and flourish.

Everyone is invited to have their say to celebrate the achievements of women and other marginalised genders. They have been involved in creating events and campaigns to celebrate events like International Women’s Day.
Our recruitment programme is second to none.

Our work has been particularly enhanced by working with organisations to attract more diverse candidates, like The Taylor Bennett Foundation, Black Professionals Network and Spark!

We have worked with many interns who have come from The Taylor Bennett Foundation – some of whom are now leading teams towards the future.

We also hold a grad recruitment day twice a year to introduce fresh, new talent.
THE FOUR LIFE

**DOWN TIME**
25 days holiday increased to 28 after 3 years in service

**EXTRA TIME**
Opportunities to earn up to 4 additional holiday days a year including your birthday

**OPPORTUNITY KNOCKS**
An impressive staff recruitment incentive scheme

**SUPPORTING YOU**
Enhanced maternity and paternity schemes

**PERKS**
We offer Asana project management, free and unlimited access to LinkedIn Learning, hot desking, free newspapers and magazine apps
INDUSTRY-LEADING FLEXIBLE WORKING

We've introduced a flexible working policy across all locations and offices

Our flexible working policy is one of the most forward-looking in the industry, designed to balance what is best for both staff and our clients. Across all offices and locations we give staff the ability to decide where they work for much of their week.

To ensure we retain the best levels of teamwork and on-the-job learning we ask staff to be ‘on-site’ either in our office, with a client or at an event for at least two days a week. One of those days is spent as a team day in the office for meetings, brainstorms, planning and catch-ups.

For the rest of the week staff can work from any location unless they have other face-to-face commitments such as client meetings and events, team meetings or training.
We moved to The Hickman Building in Whitechapel in 2020.

**It is the first building in the world to achieve a platinum rating from SmartScore, the certification scheme for smart buildings.**

Everything about our workplace is smart.

sesame™ is an award winning app and allows staff to book desks and check the building’s air quality as well as what the transport system around the area is looking like for the day. It also enables hands free access to the building and staff can pre-book a coffee or lunch at our Maker’s café on the ground floor.

The app also connects with local offerings and amenities allowing everyone to get to know the neighbourhood and really become part of the action.
ENVIRONMENTAL IMPACT

We are committed to fighting climate change with an annual review of activities and operations and their effect on the environment.

We're already achieved zero to landfill when it comes to waste and our plastics audit and action plan has been implemented.

We are also working with our local suppliers to ensure that they are as sustainable and environmentally friendly as possible.

Our aim is to reduce consumption year-on-year with everything we do and this includes purchased materials, waste, energy and transport.

We are also significantly cutting down on non-essential travel.
COMMUNITY AND VOLUNTEERING

We have a great track record of getting involved wherever we operate. From literacy and numeracy work in schools to homelessness initiatives.

Our recent works includes:

- A partnership with Rich Mix, a community arts hub in Bethnal Green
- Mentoring local young people from disadvantaged backgrounds via Future Frontiers - we have mentored 35 young people so far
- Volunteering at The Whitechapel Mission – helping them help people who are sleeping rough and meeting the specific needs of each man and woman who walks through their doors
Many of our staff already volunteer in their spare time. They are trustees of community foundations and cultural organisations, peer supporters and mental health volunteers. They volunteer for organisations like the RNLI, The Rugby Football Union and work with rehabilitating prisoners.

For 2023, we’ve created a volunteering day when each and every member of staff can create a virtuous circle by giving back to a charity or community of their choice.

We have a group of some of the most passionate people around who are committed to giving back to charities and their communities in their spare time and we honour and support their work.

We work with a range of organisations on a pro bono basis to support charities, good causes and deliver social value through training, mentoring or other services.
A HEALTHY OUTLOOK

We have a wide range of offerings to support both mental and physical health

- A group of trained mental health first aiders on site
- Access to a 24/7 helpline offering confidential advice on mental health issues
- An online GP service
- Specific campaigns to highlight mental health issues
- A wellbeing activities programme - from sports teams to Fitbit challenges; yoga to kickboxing classes
- A subsidised cycle to work offering and subsidised gym memberships

Together we make a difference
A huge number of our clients make a positive impact, from governments to universities to NGOs, charities and social enterprises.

We’ve made it our mission to deliver work for them that makes a difference and solves the problems or challenges they face.

Public sector is a huge part of the work we do – across everything from travel and transport to law enforcement and education. In the UK the Social Value Act 2012 means that public sector work now requires social value to be delivered, as part of the work procured. B Corp, as an independent evaluation, helps us to do this. We couldn’t be more prouder.
